My experience was mind-boggling and an experience of a lifetime. I wish Karnali Excursions all the best and a safe journey to wherever they travel. While the journey was very trying and difficult, the rewards after the parikrama was over are far greater.

Not only is there a sense of accomplishment but also one of contentment, peace, and adventure.

The togetherness of the group was amazing given the diversity of the individuals. — we even had people of different faiths doing this maha yatra. Our tour guides Vaishali and Hiraji were extremely knowledgeable and comforted us at every step of our yatra.

Best wishes,
